Re: Applications of GCI Communication Corp., its wholly owned subsidiary Unicom, Inc. (collectively, "GCI") and ACS Wireless License Sub, Inc., ACS of Anchorage License Sub, Inc. (collectively, "ACS") for Consent to the Assignment of Licenses to Alaska Wireless Network, LLC; WT Docket No. 12-187

Dear Ms. Dortch:

GCI, ACS and AWN (collectively, the "Parties") are submitting this ex parte letter to notify the Commission that, in accordance with discussions with Commission staff, the Parties have made modifications to certain documents that were previously submitted to the Commission in the above-referenced proceeding. The modifications are as follows:

- (1) The Parties have updated Exhibit L "Commercially Sensitive Information Policies and Procedures" to the Operating Agreement, consistent with discussions with Commission staff. This document is being made publicly available and is attached to this ex parte letter.
- (2) The Public Interest Statement filed with the Parties' application indicated that the Parties have agreed that the current retail service plans of both ACS and GCI will continue to be supported by AWN, so ACS and GCI will be able to continue providing wireless services to their existing customers, under the same terms and conditions in effect prior to the closing, for at least two years. FCC Form 603, Ex. 1, p. 7-8. The Parties also now have agreed that ACS and GCI each will be allowed to add new customers to any Alaska-only Legacy Plan (as the term Legacy Plan is defined in the Parties' Facilities and Network Use Agreement or "FNUA") in existence as of May 1, 2013 for a minimum period of one year following the closing. The FNUA is being amended accordingly.

Kindly refer any questions in connection with this letter to the undersigned.

Very Truly Yours,

Carl W. Northrop
